

TO WATERFRONT PROPERTIES

1698 Eaton Ferry Rd (Rt. 903), Littleton, NC 27850

GEO COORDINATES FOR GPS/MAPPING SOFTWARE: [36.499805,-77.964606](#)

Directions from I-95

- Take Exit 173 - Roanoke Rapids/Weldon, NC
- Turn West on US-158 toward Littleton (suggest you be in left lane after a mile or so).
- Drive 17 miles on US-158 W (also becomes NC-903 N)
- Turn Right at stop light in Littleton, NC (NC-903 North)
- Drive approximately 7 miles (STAY on NC-903 – you will turn right 1 time)
- At the "T" intersection of NC-903 & Eaton Ferry Road, you will see Waterfront Properties on the left.

Directions from I-85

- Take Exit 4 – Lake Gaston/Bracey, VA
- Turn South/East on VA-903 (**stay on this all the way**)
- Drive approximately 15 miles (STAY on RT-903 – you will turn right 3 times)
- Drive 1 mile AFTER crossing over the Eaton Ferry Bridge (1 mile long)
- We are 1 mile south of the bridge on the corner where Rt. 903 turns left (watch for a "motel" sign).

(Note: I recommend that clients traveling I-85 stay on it until the Lake Gaston/Bracey Exit then turn east and stay on Rt. 903 all the way to my office. Coming this way takes about 5-10 minutes longer, but it's a much nicer drive and you will have the advantage of seeing a lot more of the lake by crossing over three coves/bridges and then also the mile-long main lake, Eaton Ferry Bridge. This way, first time visitors will gain a greater perspective of the size of the lake, and also pass by the retail shopping area and restaurants.

IF YOU USE YOUR GPS, Google, or MapQuest, you will

*save a little time by coming the secondary roads, BUT the GPS systems **do not** have our office address positioned accurately, so be sure to take these directions with you, and travel south on Rt. 903 one mile after crossing the Eaton Ferry Bridge).*
